## DETAILED ACTION

### *Allowable Subject Matter*

1. **Claims 13-15 and 17-30 are allowed.**

With regards to claims 13, 28, and 29:

- The above claims are found to be allowable because of the "longitudinal slit (in which a slit is a long narrow cut or opening, under which a hole qualifies) extends from above to below a range of motion of the second connecting element". Since the slit **must** be disposed longitudinally and **must** extend from above and below the range of motion of the second connecting element, these claims and the claims that depend from them are found to be allowable over the prior art found at this time.

### *Conclusion*

2. **Any inquiry concerning this communication or earlier communications from the examiner should be directed to John R. Olszewski whose telephone number is 571-272-2706. The examiner can normally be reached on M-Th 5:30AM-4PM.**

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christopher Ellis can be reached on 571-272-6914. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
